

# Adding Stacked Navigation to the web

- ✓ Multiple nav-stacks can exist
- ✓ Bringing Native UX to the web
- ✓ Still all about the URL; Sharable

# Let's talk CLI & Build Tools...

- ✓ Building apps years ago was the Wild West
- ✓ Grunt/Gulp, Browserify, SystemJS, Webpack
- ✓ 6to5, Traceur, CoffeeScript, AtScript
- ✓ Now even more options
