Improved SSR setup out of the box.

✓ Making SSR with Ionic easy

✓ Integrates with official tooling

✓ Pre-render initial route

```
@NgModule({
    imports: [
        AppModule,
        ServerModule,
        ModuleMapLoaderModule,
        IonicServerModule
    ],
    bootstrap: [AppComponent],
})
export class AppServerModule {}
```
